High Quality Malaysian Natural Rubber Condoms For Protection
Advantages of Made-in-Malaysia Condoms

High Quality
Malaysia is well-known throughout the world for its production of high quality natural rubber latex, derived from the sap of the hevea brasiliensis tree, which is widely grown in Malaysia. This high quality latex is used by Malaysian condom manufacturers to produce premium quality condoms. These condoms are wrapped in foil packaging and sealed using advanced equipment to protect them from deterioration as well as to preserve their reliability, even under the most adverse storage conditions.

Effective
Made-in-Malaysia natural rubber condoms are highly effective against most sexually transmitted diseases, including the HIV virus. Various studies have shown that natural rubber condoms with better tensile strength and greater ultimate elongation are more resistant to breakage than condoms made from other materials.

Environment Friendly
Natural rubber is an inherently environment-friendly material and rubber trees contribute to environmental protection. Condoms made from Malaysian natural rubber are biodegradable, while condoms made of synthetic materials do not break down easily after disposal.

International Standards
Malaysian made condoms are manufactured and tested to meet the requirements of stringent International Standards such as ISO 4074:2002, ASTM D 3492:2003 and BS EN ISO 4074:2002.

Varieties of Condoms
There are various types and dimensions of condoms produced by Malaysian manufacturers, which can generally be differentiated as follows:

Shape
Baggy, contoured, thick head, teat-ended, straight-sided

Size
49mm ± 2mm, 52mm ± 2mm, 53mm ± 2mm, 56mm ± 2mm

Lubrication
Spermicidal, water-based, silicon-based

Texture
Smooth, dotted, ribbed or spiraled

Colour
Natural, pink, blue, yellow, green, red, black, brown, orange, purple, gold, silver, bronze, duo-coloured, tri-coloured

Flavour
Non-flavoured, banana, strawberry, raspberry, orange, durian, peach, honey dew, pineapple, green apple, grape, cherry, lemon, passion fruit, tutti frutti, peppermint, coffee, chocolate, vanilla
